Description: The vessels were identical and were assumed 50X1-HUM T-301 Class must enterple. to be mine-sweepers. The vessels 50X1-HUM had high forecastles, few guns on the forecastle, a box-shaped bridge, a smokestack that stood on a casing extending from the bridge aft to a low after-deck. All of the vessels had six or eight paravane-like objects standing vertically on the after-deck. The objects were painted yellow, were about six feet long, and had the form of a torpedo, with one large fin on the after side. At the mouth of the Dvina a small naval vessel was seen on its way seaward. 50X1-HUM had a box-shaped bridge and Description: She one smokestack that stood on the deck. The ship also had a number of whipantennas placed both on the bridge and in front of it.
Commit probably aLIBAU - class auxiliary communication slup 50X1-HUM an unusually large number of uniformed naval ARCHANGEL: 50X1-HUM 2. personnel in the city at the end of June.
